

§ 160A-236. Apportionment of assessments.

When special assessments are made against property which has been or is about to be subdivided, the council may, with the consent of the owner of the property, apportion the assessment among the lots or tracts within the subdivision, or release certain lots or tracts from the assessments if, in the opinion of the council, some of the lots or tracts in the subdivision are not benefited by the project. Upon an apportionment, each of the lots and tracts in the subdivision shall be released from the lien of the original assessment, and the portions of the original assessment assessed against each lot or tract shall have the same force and effect as the original assessment as to the particular lot or tract assessed. At the time of making an apportionment under this section, the council shall enter on its minutes a statement to the effect that the apportionment is made with the consent of the owners of the property affected, and this entry shall be conclusive in the absence of fraud. Reassessments made under this section may include past due installments of principal and interest as well as installments not then due, and any installments not then due shall fall due at the same dates as they would have under the original assessment. The council may delegate authority to make apportionment of assessments to the chief financial officer, but apportionments shall in all cases be reported to the council at its next regular meeting and entered in the minutes.
